

2024 Twin Cities Foot & Ankle Conference

Faculty Biographies and Disclosures

Andrew Alder, JD

Disclosures: None

Andrew Alder focuses his practice in healthcare law, representing medical providers in medical malpractice lawsuits, federal and state audits and investigations and licensure board disciplinary matters. He advises medical providers and entities on issues regarding HIPAA compliance, employment contracts, joint enterprise arrangements, and the Anti-Kickback Statute and Stark Law. He also has extensive civil litigation experience in a variety of other areas, including employment, products liability, local government and municipality law, commercial litigation, personal injury, Section 1983 civil rights actions and insurance litigation.

Spencer Arndt, DPM

Disclosures: None

Dr. Spencer Arndt is a third-year foot and ankle surgery resident at HealthPartners/Regions Hospital in St. Paul, MN. He graduated from Rosalind Franklin University, Scholl College of Podiatric Medicine in 2022 and received his bachelor's degree in Biochemistry from Clemson University. Dr. Arndt is from Clemson, South Carolina and currently resides in Lake Elmo, MN.

Peter Bellezza DPM

Disclosures: None

Dr. Peter Bellezza DPM, MS, FACFAS is a Board certified podiatrist with hospital based and podiatry locum experience. Proficient in management of foot and ankle trauma, elective foot and ankle reconstruction, total ankle replacement, limb salvage, wound care, at risk diabetic foot care and outpatient podiatric clinical procedures for common foot and ankle pathologies. He works for Avera Orthopedic/Medical Group serving South Dakota, Minnesota and Iowa.

Kimberly Bobbitt, DPM

Disclosures: None

Dr. Bobbitt is the residency director at Hennepin Healthcare for the podiatric surgery residency program in Minneapolis, MN. She serves as president on the Minnesota Board of Podiatric Medicine, College of Teaching Hospital representative on the Residency Review Committee, College of Podiatric Medicine site reviewer, American Board of Foot and Ankle Surgery case reviewer, Journal of Foot and Ankle Surgery reviewer rearfoot and trauma, and ACFAS Post Graduate Affairs Committee. Graduated from Des Moines University and completed her surgical training at Inova Fairfax Hospital and Georgetown University Hospital.

Kristen Brett, DPM

Disclosures: None

Kristen Brett, DPM, AACFAS is a podiatric surgeon based in Minneapolis, MN. After completing a high-volume, comprehensive surgical residency at Regions Hospital/HealthPartners Institute in St. Paul, she has developed expertise in reconstructive foot and ankle surgery, lower

extremity trauma surgery, and diabetic limb salvage. Dr. Brett is passionate about training the next generation of medical professionals and actively mentors resident physicians and medical students in the field of podiatric surgery.

Scott Carrington, DPM

Disclosures: Stryker (Consultant-Self), ConMed (Consultant-Self), DePuy-Synthes (Consultant-Self), SiNaptic Surgical (Consultant-Self)

Dr. Carrington is a Fellowship-Trained Podiatric Foot & Ankle Surgeon at Emplify Health in La Crosse, WI. He completed his medical training at Des Moines University and a residency in reconstructive rearfoot and ankle surgery at Presbyterian St. Lukes in Denver, CO, followed by a fellowship in foot and ankle reconstruction at Coordinated Health Orthopedics in Bethlehem, PA. He actively participates in research, serves on committees for the American College of Foot and Ankle Surgeons, and is an item writer and case reviewer for the American Board of Foot and Ankle Surgery. Additionally, he is an attending physician with the Gundersen Podiatry residency.

Patrick A. DeHeer, DPM

Disclosures: See Below

Patrick A. DeHeer, DPM, is a member of the American Podiatric Medical Association (APMA) and a fellow of the American Society of Podiatric Surgeons (ASPS), American College of Foot and Ankle Pediatrics, and American College of Foot and Ankle Surgeons (ACFAS), Royal College of Physicians and Surgeons of Glasgow Fellowship of Faculty of Podiatric Medicine (Glasg); Diplomat of American Board of Foot & Ankle Surgery certified in foot surgery and reconstructive foot and ankle surgery. He practices in Central Indiana as part of the national supergroup Upperline Health. Dr. DeHeer serves as the residency director of the podiatric surgical residency program at Ascension St. Vincent Hospital in Indianapolis. In addition, he served as the team podiatrist for the Indiana Pacers for thirty years, from 1992 to 2022. Dr. DeHeer is a member of the Editorial Board of Podiatry Today, a regular blogger for Podiatry Today, a Guest Editor for Clinics in Podiatric Medicine and Surgery Pediatric Edition 2013, and Guest Editor for Foot and Ankle Quarterly Clubfoot Edition 2014. Dr. DeHeer has published numerous peer-reviewed journal articles and textbook chapters and is an international and national lecturer. He is the inventor of The Equinus Brace™ and a partner in IQ Med. He is the President and Founder of Step-By-Step Haiti and Foot Aid. Dr. DeHeer's passion for teaching and providing lower extremity healthcare in developing countries culminated in recognition by the 2014 International Federation of Podiatrists Humanitarian Award and the 2011 APMA Humanitarian of the Year Award. Dr. DeHeer serves as a Trustee on the APMA Board of Trustees, currently in his ninth year on the Board. Dr. DeHeer is the past President of the Indiana Podiatric Medical Association and continuing education chairperson.

Disclosures:

Adjunct Clinical Faculty, Kent State University College of Podiatric Medicine

Adjunct Faculty, Rosalind Franklin University of Medicine, and Science Scholl College of Podiatric Medicine

Clinical Associate Professor, University of Texas Rio Grande Valley (UTRGV) School of Podiatric Medicine

Inventor, The Equinus Brace ®

Consultant, CTM Biomedical
Consultant, Nvision Biomedical Technologies, Inc.
Consultant, Tayco Brace
Consultant, Tetra Corporation
Residency Director, Ascension St. Vincent Indianapolis
Speaker, Heron Therapeutics
Speaker/Consultant, Nevro
Speaker/Consultant, Paragon 28
Shareholder, IQ Med
Shareholder, Beltway Surgery Centers
Shareholder/Consultant, SUTUREGARD Medical Inc.
Shareholder, Talar Capital Partners
Shareholder, Upperline Health, Upperline Health Indiana
Shareholder/Consultant, Wishbone Orthopedics
Shareholder, DeHeer Orthopedics
Joseph DeHeer (son), owner, of Thrive Orthopedics

Lawrence A. DiDomenico, DPM, FACFAS

Disclosures: Voom (Director of Medical Education – Self)

Adjunct Professor, Kent State University College of Podiatric Medicine
Section Chief of Podiatric Medicine and Surgery – St. Elizabeth Hospital
Visiting Professor, Northeast Ohio University
Director of Residency Training, East Liverpool City Hospital
Director, Reconstructive Rearfoot & Ankle Surgical Fellowship, Ankle and Foot Care Centers

Katie Diol, DPM

Disclosures: None

Dr. Katie Diol is a second year foot and ankle surgery resident at Regions Hospital in St. Paul, Minnesota. She graduated from Kent State College of Podiatric Medicine in 2023 and received her undergraduate degree in Molecular and Cellular Biology from the University of Illinois Urbana-Champaign. Dr. Diol is from Wauconda, IL and currently resides in St. Paul, MN.

G. "Dock" Dockery, DPM

Dr. G. "Dock" Dockery graduated as valedictorian of his class with top honors from the Ohio College of Podiatric Medicine in Cleveland, Ohio. He did a surgical residency in foot and ankle surgery at the Waldo Podiatric Surgical Residency Program in Seattle and graduated with honors. He is the founder of the International Foot & Ankle Foundation for Education and Research, and is currently the Chairman of the Board of Directors and Director of Scientific Affairs of this organization.

Dr. Dockery is a Fellow and Past Board of Directors of the American College of Foot & Ankle Surgeons. He is also a Fellow of the American College of Foot & Ankle Pediatrics, the American Society of Foot & Ankle Dermatology and the American College of Podiatric Medicine. He is Board Certified in Foot and Ankle Surgery by the American Board of Foot & Ankle Surgery and is Board Certified in Podiatric Medicine.

Dr. Dockery was the Director of Medical Education and Residency Training of the Waldo Podiatric Surgical Residency Program for many years and still maintains a close relationship with the current Swedish Podiatric Surgical Residency, Providence Hospital Campus, in Seattle. He has authored several textbooks including: Color Atlas and Text of Forefoot Surgery (Mosby 1992); Cutaneous Disorders of the Lower Extremity (WB Saunders 1997); Color Atlas of Foot & Ankle Dermatology (Lippincott 1999); Lower Extremity Soft Tissue & Cutaneous Plastic Surgery (Elsevier 2006) and, Lower Extremity Soft Tissue & Cutaneous Plastic Surgery, Second Edition, (Elsevier 2012). He has also authored numerous scientific articles in peer-reviewed medical journals and other publications.

Dr. Dockery is the team leader for the Seattle Medical Team, composed of two surgeons and two residents, for the Yucatan Crippled Children's Project, which goes to the Yucatan twice a year to work with the surgeons and staff from the Barry University School of Podiatric Medicine and the Orthopedic Red Cross Hospital in Merida, Yucatan, Mexico.

Dr. Dockery is a nationally and internationally known lecturer and continues to travel extensively throughout the world more than 20 times per year to scientific seminars to present his diagnostic and surgical techniques, teach plastic surgery techniques in workshops and to speak on medical topics regarding the lower extremities.

Paul Evans, DPM

Disclosures: None

Dr. Paul Evans is a second year podiatric surgery resident at Hennepin Healthcare in Minneapolis, MN. He graduated from Des Moines University, College of Podiatric Medicine and Surgery in 2023 and received his bachelor's degree in biology from Brigham Young University. Dr. Evans is from Savage, MN and currently lives in Minneapolis, MN.

Carly Goehring, DPM

Disclosures: None

Dr. Carly Goehring is a first-year resident at Regions/HealthPartners in St. Paul, MN. She graduated from Scholl College of Podiatric Medicine in 2024 and received her bachelor's degree in biology from Butler University. She is originally from Orono, Minnesota and currently living in St. Paul, MN.

Kelly Gould, DPM

Disclosures: None

Dr. Kelly Gould is a second year foot and ankle surgery resident at Regions Hospital in St. Paul, MN. She graduated from William M Scholl College Podiatric Medicine Surgery in 2023. She received her bachelor's degree in biology from the University of Saint Francis (IL); she currently lives in Saint Paul, Minnesota.

Peter Hollinger, DPM

Disclosures: None

Dr. Peter Hollinger is a second year foot and ankle surgery resident at Regions Hospital in St. Paul, MN. He graduated from Des Moines University College of Podiatric Medicine and Surgery in 2023 and received his bachelor's degree in biology health professions from Northwestern College in Orange City, IA. Dr. Hollinger is from Algona, IA and currently resides in Oakdale, MN with his wife and 2 sons.

Michaela Heys, DPM

Disclosures: None

Dr. Michaela Heys is a third year foot and ankle surgery resident and Regions Hospital in St Paul Minnesota. She graduated from Des Moines University, College of Podiatric Medicine and Surgery in 2018 and received her bachelor's in Kinesiology from the University of Texas at Tyler. Dr Heys is from New Sharon, Iowa and currently lives in Saint Paul.

Wade Johnson, DO

Disclosures: None

Dr. Johnson has been practicing at Mayo Clinic Health System in Mankato since 2019, and during this time have served as the Head Team Physician for Bethany Lutheran College and is a team physician with Minnesota State University Mankato. He completed a residency in Physical Medicine and Rehabilitation at NewYork-Presbyterian, Columbia and Cornell, and his Primary Care Sports Medicine Fellowship at Mayo Clinic in Minneapolis. He has served in the medical pool for USA Ski and Snowboard team traveling with Team USA Women's Ski Jumping. He has also provided medical coverage to the USA Hockey Women's National Team and U-18 Women's. During his fellowship training he also served as fellow team physician for the Minnesota Lynx, Minnesota Timberwolves, and Minnesota Twins.

Sarah Langer, DPM

Disclosures: None

Dr. Sarah Langer is a Minnesota native and first year foot and ankle surgery resident at HealthPartners/Regions Hospital in St. Paul, MN. She graduated from Dr. William M. Scholl College of Podiatric Medicine in 2024 and received her bachelor's degree in neuroscience from the University of Wisconsin in Madison, WI.

Madison Leyk, DPM

Disclosures: None

Dr. Madison Leyk is a third year foot and ankle surgery resident at Hennepin Healthcare in Minneapolis, MN. She graduated from Midwestern University, College of Podiatric Medicine and received her bachelor's degree in chemistry from Hamline University. Dr. Leyk is from Ottawa Ontario and currently lives in Minneapolis MN

Curtis Marker, DPM

Disclosures: None

Dr. Curtis Marker is a third year foot and ankle surgery resident at Hennepin Healthcare in Minneapolis, MN. He graduated from Des Moines University, College of Podiatric Medicine and Surgery in 2022 and received her bachelor's degree in biology from the University of Northern Iowa. Dr. Marker is from Rockford, IA and currently lives in Lakeville, MN.

Riley Moore, DPM

Disclosures: None

Dr. Riley Moore is a first-year foot and ankle surgery resident at Regions/HealthPartners in St. Paul, MN. He graduated from the Arizona College of Podiatric Medicine in 2024 and received his bachelor's degree in biology from Iowa State University. Dr. Moore is from Forest City, IA and currently lives in Oakdale, MN.

Shari Moore, DPM

Dr Shari Moore is a graduate of the William Scholl College of Podiatric Medicine and completed her residency training at Hennepin County Medical Center. She is a Fellow of the American College of Foot and Ankle Surgeons. She is a Fellow and Board Member of the Association of Extremity Nerve Surgeons. She is a member of the American Society for Peripheral Nerve and The Global Nerve Foundation. She has completed microsurgical training at the Mayo and Cleveland Clinics. She currently practices at Allina Health.

Danielle Nack, DPM

Disclosures: None

Dr. Danielle Nack is a chief foot and ankle surgery resident at Regions Hospital / HealthPartners in Saint Paul, MN. She graduated from Des Moines University, College of Podiatric Medicine and Surgery in 2022 and received her bachelor's degree in psychology from the University of Minnesota. Dr. Nack is from Mankato, MN and currently lives in Saint Paul, MN.

Christopher Neese, DPM

Dr. Christopher A. Neese received his undergraduate degree in Physics at Colorado State University. He received his Doctor of Podiatric Medicine degree from the Scholl College of Podiatric Medicine. He did his surgical residency for Rearfoot and Ankle Reconstruction at Mercy Hospital in Coon Rapids, MN. He is board qualified in forefoot, rearfoot, and ankle surgery and reconstruction. He is a lifelong learner from his mentor and father Dr. David Neese. He is one of the attending staff surgeons at Mercy and Unity hospital. Along with being involved in the Lower limb wound clinic he is also the director of the Charcot Deformity Clinic (sponsored by Allina Health and Metropolitan Heart and Vascular Institute).

Lyn Olson, DPM

Disclosures: None

Dr. Lyn Olson is a second-year foot and ankle surgery resident at Hennepin Healthcare in Minneapolis, MN. He graduated from Midwestern University, College of Podiatric Medicine and Surgery in 2023 and received his bachelor's degree in biochemistry from the University of Wisconsin-La Crosse. Dr. Olson is from Caledonia, MN, and lives in West St. Paul, MN.

Adrienne Ross, DPM

Disclosures: None

Dr. Adrienne Ross is a graduate of the New York College of Podiatric Medicine and attended the Western Pennsylvania Hospital for surgical residency. She then completed a one-year fellowship in trauma and reconstructive surgery at Jewish/University of Louisville Medical Center. She is originally from Ohio by way of Great Britain. Currently, she practices in Atlanta, Georgia and serves as faculty for Emory Dekalb Podiatric Surgical Residency. She is President-Elect of the Georgia Podiatric Medical Association and serves as Vice Chair of Department of Podiatry at Emory Decatur Hospital. Dr. Ross publishes, lectures, and enjoys a surgical emphasis on lower extremity skin and muscle flaps for complex wound closures as well as peripheral nerve reconstruction techniques.

Chloe Sakow, DPM

Disclosures: None

Chloe Sakow, DPM, MPH, AACFAS is a foot and ankle surgeon with Park Nicollet/TRIA Orthopedics, practicing in Burnsville, Saint Louis Park, and Shakopee, Minnesota. She completed a 1 year foot and ankle reconstructive surgery fellowship (ACFAS) through Martin Foot and Ankle from 2023-2024. She is a graduate of HealthPartners/Regions Hospital PMSR/RRA Foot and Ankle Surgery Residency (2020-2023). Her interests include peripheral nerve release surgery, ankle instability, trauma, foot and ankle arthritis.

Stephen Schmid, DPM

Disclosures: None

Dr. Schmid practices at Cuyuna Regional Medical Center in Crosby, MN. He is a graduate of the Dr. William M. Scholl College of Podiatric Medicine and completed his podiatric medicine and surgery residency at Detroit Medical Center in Detroit, MI. He is double board certified by the American Board of Podiatric Medicine as well as in foot and reconstructive rearfoot/ankle surgery by the American Board of Foot and Ankle Surgery.

Lauren Schnack, DPM

Disclosures: None

Dr. Lauren Schnack is an Assistant Professor for the Department of Podiatric Medicine and Surgery within the Dr. William M. Scholl College of Podiatric Medicine at Rosalind Franklin University of Medicine and Science, Board Qualified in Foot and Reconstructive Rearfoot/Ankle Surgery by the American Board of Foot and Ankle Surgery and Board Certified by the American Board of Podiatric Medicine. She completed a CPME-accredited Fellowship at AMITA Health

Saint Joseph Hospital Chicago and a Podiatric Medicine & Surgery Residency, with the added credential in Reconstructive Rearfoot and Ankle Surgery training, at St. Vincent Charity Medical Center in Cleveland, Ohio. She received her Doctor of Podiatric Medicine Degree from Kent State University College of Podiatric Medicine, earned a Master of Science Degree in Medical Physiology from Case Western Reserve University and a Bachelor of Arts Degree in Anthropology, with a minor in Health Sciences, from Wright State University. Dr. Schnack has a passion for all pathology of the lower extremity, especially the utilization of orthoplastics and microneurosurgical techniques and has been involved with numerous publications, lectures, and research projects.

Chris Segler, DPM

Disclosures: None

Christopher Segler, DPM, "Doc On The Run" is a sports medicine podiatrist who has a practice focused exclusively on helping injured runners run. He has written three books including Runner's Heel Pain: Self-Diagnosis and Self-Treatment and the Runner's Rapid Recovery Journal. He is a marathon runner, ultra-marathoner, 15-time Ironman Finisher and Ironman All-World Athlete. He works with elite athletes and offers telemedicine second opinions for runners via webcam in both California, Texas and Florida.

Podiatric Surgery Residency Training (PM&S-36), University of Utah, Salt Lake City, UT; Board Certified, American Board of Podiatric Medicine; United States Patent Holder #7,097,647: Tarsal Joint Distractor; Surgical Instrument; Lecturer and Author of multiple journal and trade articles; Faculty and Board of Medical Advisors, International Foot & Ankle Foundation for Education and Research; Practice: Doc On The Run Podiatry, San Francisco, California.

Alap Shah, DPM

Disclosures: None

For more than 17 years, Dr. Alap Shah practiced podiatry. Following graduation from the University of Texas at Austin with a BA in Biology, he attended the New York College of Podiatric Medicine, graduating as class president in 2000. Following a two-year surgical residency in Jamaica, Queens, he joined Foot and Ankle of West Georgia in Columbus, GA and currently resides there with his wife and two children. In the aftermath of overcoming a life-changing circumstance, he combined what he loved most about medicine and education and is now using it for the benefit of others. By sharing his experiences, he hopes to prevent others from making the same mistakes and taking the wrong path.

Steven Smith, DPM

Dr. Steven Smith is practicing at Allina Health Group and seeing patients in Buffalo and St. Michael, MN. He completed his residency training at Regions Hospital in St. Paul, MN after receiving his medical degree from Scholl College of Podiatric Medicine in Chicago. He is board certified by the American Board of Foot and Ankle Surgery in Foot Surgery and Reconstructive Rearfoot and Ankle Surgery. He and his family enjoy spending time exploring all that Lake Minnetonka has to offer. He currently lives in Mound, MN where his wife Carly grew up, and where they have started their family with their sons Bode and Ford.

Scott Stayner, MD

Disclosures: Medtronic (Consultant - Self), Abbott Laboratories (Consultant - Self)

Scott Stayner, MD, pursued various interests before joining the medical profession. The Bountiful, Utah native spent two years volunteering in Japan, worked part-time as a string bassist, received bachelor's degrees in materials science and engineering and Japanese, and completed a doctorate in bioengineering. While working on a National Institutes of Health-sponsored study, he developed a passion for helping patients in a hands-on setting rather than just through research. This led him to pursue his medical degree, which he received at the University of Minnesota in Minneapolis. Dr. Stayner's experience helping care for his grandmother, who suffered from debilitating back pain despite various surgeries and high doses of opioids, instilled in him an interest in pain management. During his pain rotation as an anesthesiology resident at the University of Minnesota - and later as a pain management fellow at the University of California in Davis - he learned that there are more effective ways to treat pain than simply increasing oral opioids. From 2012 - 2016, he established a pain management practice in Billings, MT, that focused on opioid-sparing treatments for chronic pain. He has since used a similar philosophy in his practice in other locations throughout the Midwest. In his spare time, Dr. Stayner enjoys playing his string bass, studying Japanese, learning about other cultures, traveling, skiing, and spending time with his wife and toddler twin boys. Before the arrival of their twins, he also volunteered with his wife at homeless shelters, especially during the holidays. Dr. Stayner was selected to serve on the Montana Medical Association committee to address the opioid crisis in the state. As such, he was asked to prepare a series of lectures to help educate primary care physicians on best practices for managing chronic pain and the role of opioid medications. He has also published book chapters and journal articles on safe practices for opioid prescribing.

Loring Stead, DPM

As a foot and ankle surgeon with over 40 years of experience, Dr. Stead has been incredibly fortunate to combine his medical career with a passion for mission work. Over the past two decades, he's had the privilege to serve communities in Nicaragua, Honduras, Guatemala, and in some of the most vulnerable neighborhoods across the U.S. - from Watts and Skid Row in Los Angeles to the Tenderloin District of San Francisco, and Chicago's Cabrini-Green and Robert Taylor Homes.

While international outreach is profoundly rewarding, he believes the most impactful work often happens locally. Whether it's through volunteering with the Salvation Army, working in free clinics in Rochester, Minnesota, or offering care to those most in need, his mission has always been simple: to care, to listen, and to serve. Service to him is putting others first and he is proud to carry out this spirit of "service above self" into every step of his journey.

Mitchell Thompson, DPM

Dr. Thompson is a board certified foot and ankle surgeon at Osceola Medical Center in Osceola, WI. He recently completed a one year fellowship in reconstructive rear foot and ankle surgery at the Orthopedic Foot and Ankle Center in Worthington, OH and is a graduate of the University of Minnesota with a degree in biology. He then moved onto Des Moines University,

College of Podiatric Medicine and Surgery. Dr. Thompson completed an extensive three year residency in reconstructive forefoot and rear foot surgery at Gundersen Health Systems in La Crosse, WI. Through his education he has also published numerous journal articles, given oral presentations, and contributed to surgical text books. He became board qualified by the American Board of Foot and Ankle Surgery in the spring of 2020. Dr. Thompson's main interests involve advanced surgical techniques in the foot and ankle along with development of the implants and instruments needed to perform these surgeries.

Brett Waverly, DPM

Disclosures: None

Dr. Brett Waverly is a fellowship-trained and board-certified foot and ankle surgeon with Allina Health based in Maple Grove, MN. He has worked professionally in a variety of settings including a private orthopedic group and multi-specialty group with a focus on sports injuries, trauma, and elective foot and ankle pathology. He provides comprehensive operative and non-operative foot and ankle care. He went to school at Western University of Health Sciences in Pomona, CA. He completed his residency at HealthPartners/Regions Hospital and a fellowship at Weil Foot and Ankle Institute. He is excited to be back in Minnesota with his lovely wife and son.

Eric Weber

Disclosures: None

Eric Weber is a Certified and Licensed Prosthetist and Orthotist and a Fellow with Distinction with the American Academy of Orthotists and Prosthetists. He is a graduate from the University of Washington's prosthetics and orthotics program. He completed a residency in both orthotics and prosthetics at Northwest Prosthetics and Orthotics in Washington State. He has managed the clinical operations of multiple prosthetic and orthotic clinic locations, overseeing the evaluation, design and fabrication of prosthetic and orthotic interventions. He is frequently called on to assist in complicated cases from a diverse range of pathologies; upper / lower extremity amputations, PFFD, MS, polio, CVA, SCI, CMT, and other traumatic injuries. He actively participates in education, research and development of orthotic and prosthetic technologies. He currently divides his time between patient care and his role as a member of Hanger's Department of Clinical and Scientific Affairs acting as a Clinical Research Associate and a member of Hanger's Institute for Clinical Research and Education. His focus is on outcomes, clinical practice guidelines, education and product development. He is an active presenter, educator, and clinical support specialist participating in product development and clinical research in the US and internationally.
